Overview :

Sterlite Industries (I) Ltd. Silvassa, requires 3PL Service Providers for :

- Outbound Logistics (All India Basis) for road transportation of Continuous Cast Copper Wire Rod , Copper Cathodes & Copper byproducts ,intermediate products on Full Truckload and Part Truck Load basis from Chinchpada & Piparia Works (SILVASSA) and our depots to various destinations all over India).The Route details and Tonnage are as per the Route Chart –{Details of various destinations catered by SIIIL from Silvassa/Depots} and CBD- {Cost Break Down of freight for various destinations} attached .
- Internal material handling of finished goods, raw material ,by products & intermediate products by forklifts & loaders.

This tender consists of opportunity to provide these services for SIIIL. The requirement for the above services will be for 12 Calendar Months and SIIIL reserves the right to extend the contract further for a period of 12months on satisfactory performance of the service provider.The following activities to be carried out under 3PL:

1. Truck placement as per destinations and truck eligibility on receipt of Dispatch Advise (D.A) . (Route chart & truck eligibility chart as enclosed in ; & attachment 1)
2. DA Servicing Time (Truck Placement, Material handling ,Invoicing) should be maintained within 6hrs for local and and 24 hrs distant customers (Refer scope of work clause c & Annexure 1)
3. Material Should reach customers as per each destination transit time fixed. (Refer route chart in attachment 1)
4. Unloading of Raw material (Copper Anodes) within two hrs from truck reporting time. (Refer scope of work clause c & Annexure 1)
5. Loading of intermediate goods and FG in a safe and efficient manner within the turnaround time of 3 hours & 8 hours for local & distant customers . (Refer scope of work clause c & Annexure 1)
6. Inward and outward loading carrier net weight and tare weight weighment for all dispatches and receipts. (Refer scope of work clause c)
7. Maintenance of all documents. (Refer scope of work clause b)

The estimated Tonnage for Transportation is approx 2,00,000-2,60,000MT per annum on FTL Basis and approx 12,000-15,000 MT on PTL Basis and the internal material handling tonnage per annum of approx 6 lacs mt/pa as per the details given below.

(i) Continuous Cast Copper Wire Rod:

- | | | |
|-------------------------|---|--|
| a. Route | : | Transportation of Copper Wire Rod from SIIIL Silvasaa to various locations.
(Refer Route Chart and CBD for details) |
| b. Description of Goods | : | Continuous Cast Copper Wire Rod |
| c. Size of each Coil | : | 1600*1600*1900mm |
| d. Type of Packing | : | Coils are wrapped by LDPE bag and placed on wooden pallet |
| e. Annual Tonnage | : | Approx 1.70 Lakhs MT |
| f. Tonnage of Truck | : | 9&15 MT and above |

(ii) Copper Cathodes :

- | | | |
|-------------------------|---|--|
| a. Route | : | Transportation of Copper from SIIIL Silvasaa to various locations. (Refer Route Chart and CBD for details) |
| b. Description of Goods | : | Electrolytic Copper Cathode /cut cathodes. |
| c. Size of each Cathode | : | 1000*1000*500 mm |
| d. Type of Packing | : | Material is wrapped by stretch film and then packed with 19 mm strap |
| e. Annual Tonnage | : | Approx 0.36 Lakhs MT of sale plus |

f. Tonnage of Truck : Chinchpada to Piparia stock transfer of approx 0.72 lakh MT.
9 & 15 MT and above

iii) Intermediate goods & byproducts :

a. Route : Transportation of Copper from SILL Silvassa to
Tuticorin. (Refer Route Chart and CBD for details)

iii) Material handling:

6 Nos. of 5 ton capacity Forklifts and 7 Nos. of 3 ton capacity Forklifts along with 2 nos HM loaders of 5mt capacity each should be provided daily for round the clock operation at SILL site during the entire contract period. All these forklifts should be in good working condition which include 1 No 5mt capacity standby forklift also. Contractor shall provide forklifts in very good working condition.

1 No. of 5 ton capacity forklift should be provided as standby and the same shall be used in case of breakdown or repair of any one of the above running forklifts or in case of requirement of additional forklift to tackle additional load during month end.

SCOPE OF WORK

To be considered for an award, participating tenderers must comply with all requirements established in this tender:

- a) Cathode transportation from Chinchpada (Silvassa) to Piparia (Silvassa) by trucks. Work to be carried is :
 - i. Arranging trucks for cathode transportation.
 - ii. Loading of trucks at Chinchpada.
 - iii. Offloading of trucks at Piparia plant,
 - iv. Maintenance of stock ledger at Piparia and Chinchpada.

- b) Providing End to End solution / movement of Finished Goods (FG) from Chinchpada Plant (Silvassa) & Piparia plant Silvassa to our depots & customers & from our depots to our customers on a PAN India basis . Detailed job description is as given below
 - i. Lorry placement will be arranged by the service provider on receipt of delivery order from Sterlite through SAP system,
 - ii. Loading lorries in coordination with Sterlite Coordinator,
 - iii. Transporting goods with proper documents,
 - iv. Unloading of received Goods either by truck or container,
 - v. Delivering FG bundles to the final customer & depots from Silvassa & to the final customers from the depots by arranging for proper vehicles.
 - vi. Document management (Invoicing, Waybills, Lorry receipts, packing list ,GRNS)
 - vii. Data Management (Receipts, Issues, Dispatches, Production booking)
 - viii. Skilled Computer operators (one person each shift each location) for invoicing & data entry
 - ix. Skilled computer operator as a traffic desk controller for round the clock status of movement trucks & delivery of goods..

- c) The above 13 Nos. of forklifts (6 Nos. 5 ton & 7 Nos. of 3 ton capacity) along with 2 nos HM loaders of 5mt capacity shall be used for -
 - i. Unloading of raw material i.e. anode bundles from trucks
 - ii. Unloading of imported raw material, spent anode, berry from containers
 - iii. Storage of raw material in storage yard
 - iv. Charging of anodes in Refinery Plant
 - v. Weighment of cathode bundles & storage
 - vi. Weighment of spent anode & storage
 - vii. Charging of cathode bundles, cast bar & rejected coils in Rod Plant
 - viii. Shifting of hot cast bar to cast bar storage area

- ix. Packing of CC Rod Coil
- x. Weighment of coil & shifting it to coil storage yard
- xi. Loading of cathode bundles & coils in domestic trucks & export containers
- xii. Shifting, weighment, packing & loading of slime drums
- xiii. Weighment & handling of misc copper scrap
- xiv. Receipt , weighment & loading of engineering stores related items
- xv. Charging of spent anode & other misc. copper in Anode Casting Plant
- xvi. Storage of Anode at ACP
- xvii. Shifting, weighment & storage of anodes in ACP.

Please submit all the required details under Attachment 3 & your quote in Attachment 2.

MAIN TERMS & CONDITIONS

- i. For carrying out above jobs all required men and machines (lorries, forklift, hydra crane etc.) are to be arranged by the service provider at both dispatching and receiving end of raw material at Chinchpada & Piparia.
 - ii. Service provider will have to plan all the dispatch activities at Silvassa in coordination with Dispatch Office in-charge of the dispatching unit. Service provider has to provide trucks for local destinations within 3 hours & for distant destinations within 8 hours on receipt of order from SILL. Non placement of the trucks upto 250mt for local destinations of Silvassa & Daman will attract a penalty of Rs. 500/- per truck/day & trucks upto 200mt for distant destinations other than Silvassa & Daman will attract a penalty of Rs. 500/- per truck/day. Service provider will strive to achieve NIL inventory status on a daily basis. Service provider will be eligible for an incentive of 1% on the total freight amount in the month if the truck placement efficiency as per SLA exceeds 90%.
 - iii. Vehicle & Machines deployed for carrying out above jobs must have all required valid documents w.r.t. statutory and safety compliance. The Operational Equipment Efficiency for the vehicles & machines deployed should be more than 95%. (OEE=Availability * Quality*Performance).
 - iv. In transit if the duplicate copy of excise invoice is lost, the Service Provider will be penalized Rs.1000/- per invoice and also any loss due to non delivery of excise document will be recovered from the Service Provider.
 - v. Only Indian Bank Association (IBA) Approved 3PL service providers are eligible to apply for the “B” part of Scope of Work given above.
2. Service Providers have to submit the Bank Guarantee (BG) as Security Deposit within 15 days on award of contract valid for a period of three months in excess of validity period of the contract of :
 - a) Rs.250 Lacs for Outbound logistics & Internal material handling.
 3. Contract period will be for ONE year.
 4. Service Provider should quote the per MT rate for carrying out the above jobs inclusive of all expenses such as loading, unloading, stuffing, sealing, road tax, toll tax, insurance of men and machines, permit expenses, statutory levies, demurrage, mathadi union / varai charge, safety kits, also the expenses w.r.t. labour deployment such as provident fund, ESI, group insurance etc. as and where applicable.
For internal material handling rates to be quoted on per Metric Ton basis for the tonnage handled .
 5. Any type of penalty, demurrage, wharfage etc if applicable will be in service providers account & service provider will have to pay the same and provide the proof of payment made to SILL. SILL will not bear any such charges.
 6. Only the Transit insurance of the material shall be in SILL account.

7. Detention at any point will be not payable.
8. Freight Rate will be firm & fixed till the period of contract. However, SILL will make changes in its Basic Freight Rate against escalation in Diesel price as per formula given below for material transported by truck.

Formula: SILL shall increase/ decrease its Basic Freight Rate by 0.30% proportionately for every 1% change in diesel price

9. Payment terms : Service provider is required to submit Bills with all relevant documents with proof of delivery once in 15 days to traffic desk for which payment will be released within next 10 days from the submission date of bills.

However, delay in payment of bill due to any reason will not vitiate other terms of the contract nor will it give any right to the service provider to suspend the work.

10. Transit time is allowed as mentioned in the Annexure 1 which is effective for the lorry excluding the starting date from Dispatching point & receiving date at Destination. Transit time is the actual running time of vehicle from origin to destination.

Penalty of Rs.1000/- per day per lorry will be imposed for every delayed delivery day in reporting of vehicle as per transit period prescribed in enclosed Annexure.

However, delay in delivery can be condoned on valid ground such as vehicle breakdown or vehicle detained by some agency or natural calamity or force majeure situations for which information should be furnished within next 2 working days of the happening and bill / document to be submitted as proof of occurrence with the freight bill for the approval of the delay occurred. Service provider has to provide information to Dispatch Department

11. Transshipment is not at all allowed in truck movement, but in extreme worst case if required it should happen with prior permission from Dispatch In charge of the Dispatching unit providing the facts for doing so. Transshipment of goods is strictly not allowed in route for Depot dispatches also unless warranted due to failure of vehicle to move further or accident incurred or vehicle detained by agency for some reason or lorry for a particular destination is not available. In case of vehicle accident / break down / detained service provider has to inform to Dispatch Department through email or fax and get approval prior to transshipment. While submitting bill for such vehicles service provider is required to attach the approval provided with proof of documents showing condition of vehicle under accident / break down / detained.

Transshipment without valid approval shall attract penalty of 1/3 of the per MT payable for the transshipped lorry.

While carrying out any such transshipment service provider has to take all care so that no damage occurs to the product and its packing. Further, cost of repacking have to be borne by service provider.

If our FTL consignment is found to be clubbed with other material a minimum penalty of Rs. 10,000/- will be imposed on the service provider.

12. Service Provider shall ensure total compliance of Indian Motor Vehicle Act with amendments thereof as made from time to time. Service provider shall comply with II Central and State laws as may be enforce from time to time. The service provider shall make good at his own cost for any damage to the property of anybody, persons, local authorities etc. due to or arising from his operations.

13. Service Provider will take necessary steps to protect the material from loss, damage or deterioration till it gets delivered to destination. Service provider has to take care of not overloading the vehicle beyond the rated vehicle capacity .Service provider shall be responsible for all loss,

destruction, damage and or deterioration of the material from any cause, whatsoever, while in transit or during handling. In case of any damage, theft, loss, hijacking of the material, shortage of material , and has to take following steps.

- Inform our logistics section immediately about the incident.
- Lodge the FIR with the nearest police station within 2 days from the date of incident.
- Call surveyors for the survey of the incident and arrange for photographs.
- Arrange for necessary certificates for the damaged/lost consignment.
- Arrange for final investigation report within 90 days from the date of F.I.R.
- Over & above the security deposit, company will withhold the value equivalent to the loss of goods from your bill, till all the claim amount is not received from the insurance company.

14. SILL shall take appropriate marine insurance policy to cover the risk for transportation of the goods involved. The service provider shall produce requisite documents and evidences as may be desired for lodging of claims by SILL against partial or total loss. SILL however reserves its right to take or recover such losses from the service provider in the event of loss of goods, loss of value of goods due to negligence of the service provider and the decision of SILL on such recovery shall be final and binding on the service provider.

Annexure 1.

Service Level Agreement.

- 1)** DA Servicing Time : Is the lead time from receipt of DA to truck Placement, stuffing of material ,till invoicing should be maintained within 6hrs and 24 hrs for local and distant customers
- 2)** Turn around time:
 - a)** Unloading of Raw material (Copper Anodes) within two hrs from truck reporting time to truck out time.
 - b)** Loading of intermediate goods and FG in a safe and efficient manner within the turnaround time of 3 hours & 8 hours(From truck in time to truck out time) for local & distant customers

Annexure 2

Truck eligibility criteria

A) Guideline for placement of the vehicle from market (for long distance vehicle)

1. Original Driver's licence
2. Original RC (Registration Certificate)
3. Computerized Original Insurance Policy with stamp
(No insurance particular or covering note is allowed)
4. Original Permit
5. Original Fitness Certificate
6. Vehicle should not have age more than 10 years from the date of manufacturing
7. Owner's full address, landline contact number & owner's reference number
8. Owner's mobile number
9. Driver's full address & contact number
10. Owner's address proof (e.g. Copy of bank account statement, BSNL telephone bill, passport, ration card, PAN card, voters card)

B) Guideline for placement of the vehicle from market (for Gujrat /Maharashtra Vehicles)

1. Original Driver's license.
2. RC (Registration Certificate)
3. Insurance Policy with stamp (No insurance particular or covering note is allowed)
(One original & one photo copy is allowed from Sr.No.2 & 3)
4. Photo copy of Permit
5. Photo copy of Fitness Certificate
6. Owner's full address, landline contact number
7. Owner's mobile number
8. Driver's full address & contact number

C) Guideline for placement of owned/dedicated attached vehicles as per the list submitted by Transport on his Letter Head

1. Original Driver's license
2. RC (Registration Certificate)
3. Insurance Policy with stamp
(One original & one photo copy is allowed from Sr.No.2 & 3)
4. Original/photo copy of Permit
5. Driver's full address & contact number
